### A) What this plugin does.

Have you ever seen profile pictures beside search results and/or Google News? It may look like this:

This plugin helps you to generate this search results by replacing the author link in your theme template with your Google+ profile link. It also can add the link in your blogpost, in the widget-area or in the header (not visible to the user) of Wordpress if your theme does not show the author link to the public.

## *B) Quick Start*

### *1. Installation*

- a) Upload the google-author folder to the /wp-content/plugins/ directory.
- b) Activate the Google+ Author plugin through the „Plugins“ menu in WordPress.
- c) Configure the plugin by going to the „Google+ Author Information“ menu that appears in your settings menu.

### *2. Set up authorship by linking your content to your Google+ profile*

- a) Go to the „Google+ Author Information“ menu that appears in your settings menu.
- b) Follow the steps described in the „Help“ section.
